Per,

principal,

Gopi Birla Memorial School, 68

Walkeshwar Road, Malabar Hill, Mumbai 06.

Subject:- Regarding the use of school buses for school students of Gopi Birla Memorial School.....

Sir,

In accordance with the above, we inform you that our school is located at Walkeshwar Road and Walkeshwar Road is a busy road and there is continuous traffic on both sides of the road. At the time of entering and leaving our school, the parents / drivers who have come to pick up and drop off the students from the school stand in front of the school and pick up or drop off the students. Also, after the students get off or get on Walkeshwar Road, the parents / drivers immediately take a U-turn and go to Tinbatti or Bandarand. Due to this, the vehicles coming from Tinbatti as well as the vehicles coming from Bandarand are slowing down, resulting in a large traffic jam on Walkeshwar Road during the time of entering and leaving our school. Other drivers are facing unnecessary problems due to the traffic jam.

If the students of your school come and go by school bus, the traffic congestion on Walkeshwar Road will be reduced and the drivers will not face any undue inconvenience. However, the 2022-2023 session will start from 04/04/2022. However, all the students and parents of the 2022-2023 session should be instructed to use school buses instead of using private vehicles while coming and going to school. In this way, if school buses are used to drop and pick up the students from school, there will be no traffic congestion on Walkeshwar Road and the traffic will run smoothly.

your faithful
