

## Gopi Birla Memorial School 2024-2025

**GRADE : 11 CHEMISTRY**

**MR. UMESH R.PAWAR**

### ANNUAL PLAN

<b>MONTH</b>	<b>MAIN CONTENT/ CHAPTERS</b>	<b>ACTIVITIES</b>
June	Organic Chemistry: Some basic principles and Techniques Hydrocarbons.	Basic Laboratory Techniques
July	Hydrocarbons. (continued) Some basics concepts of Chemistry	Characterization and Purification of Chemical Substances (Melting /Boiling points)
August	Structure of atom	Quantitative Estimation
September	Revision for Terminal Examination	
October	Classification of Elements and Periodicity in Properties Chemical bonding	Quantitative Estimation
November	Chemical thermodynamics	Qualitative Analysis Chemical Equilibrium
December	Redox reaction	Qualitative Analysis
January	Equilibrium	Experiments based on pH and projects discussion
February	Revision
